PROFESSIONAL EXPERIENCE

Project Manager *Interlaced*

March 2024 – Present | IT Services (U.S.-based company)

- Own end-to-end project management and implementation of technology solutions for U.S.-based clients ranging from 7 to 200+ employees, leading each engagement from kickoff through go-live.
- Coordinate a cross-functional delivery team of 7 while managing a portfolio of 25–30 concurrent client projects on average (peak of 50).
- Led 40+ client onboarding implementations since 2025, with typical cycles of 30–45 days depending on account size and complexity.
- Manage complex client transitions and offboarding, coordinating incoming and outgoing vendors to ensure continuity with zero service gaps.
- Coordinate cross-platform technical migrations (email, SharePoint, licensing) with internal technicians and external vendors, achieving zero data loss across all projects.
- Stepped in to cover the Client Success Manager function for 5 months during a hiring gap, managing client relationships and renewals alongside project management duties.
- Sustained a client NPS of 10 across the portfolio over the past year, reflecting strong stakeholder trust and account health.

Customer Success Manager *Puntorojo*

July 2022 – February 2024 | Marketing Agency

- Owned a portfolio of 15–20 client accounts across e-commerce, banking, and travel, managing the full account lifecycle from onboarding through renewal.
- Served as primary point of contact, running weekly/bi-weekly check-ins to align on goals, performance, and next steps.
- Built monthly performance reports using Google Analytics and Google Search Console; presented quarterly roadmaps outlining status, priorities, and strategic recommendations.
- Proactively planned account strategy around key business moments (e.g., major e-commerce sales events) to keep clients prepared and aligned.
- Strengthened client advocacy and retention, earning completed Clutch reviews from 7 of 15–20 active accounts.

Customer Support Specialist *Tiendanube*

October 2020 – July 2022 | E-Commerce Platform

- Supported entrepreneurs launching and operating online stores via email, WhatsApp, and video calls during a high-growth, fully remote period.
- Guided customers through platform onboarding, store setup, and payment accreditation, maintaining response times under 5 minutes on standard cases.
- Sustained service quality through high-volume periods including Hot Sale, Black Friday, and Cyber Monday.
- Trained and onboarded 4 new-hire cohorts (~28 employees total).
- Partnered with development teams to identify, document, and escalate product issues.
